REPORTS

5a.

1. Executive Director Henry Gardner updated the Board on the water discharge permit and the installation of the treatment system. ED Gardner's recommendation is to purchase the installation system. This process should not interfere with the process of the sale. This item will be presented to the board again for approval of the final purchase .
2. ED Gardner updated the board on event bookings post June 30, 2026. It is estimated there are 12 bookings for events in 2027. There are no event bookings for the stadium post December 2026. The OACCA and the potential owners have had open discussions and communications regarding future events. ED Gardner will provide information to evaluate on past performance of events for the years 2024 through 2026

3. ED Gardner gave a summary voicing the concerns of Coliseum operations if the sale does not close on or before December 31, 2026. Primarily the concern is the Legends "AEG" and Levy agreements terminate on December 31, 2026. ED Gardner recommends extending the agreements with both companies, Levy and AEG. Ray Bobbitt spoke updating the board on the due diligence in aggressively asking for information critical in closing the transaction. Mr. Bobbitt thanked the JPA, City of Oakland and County of Alameda for allowing right of entry to the property. This will allow service providers to do assessments on the property. Mr. Bobbitt stated there is have a blueprint for a transition plan. Recommendation is for the City, County JPA and the buyers meet to discuss the transition plan.

Commissioner Thompson ask what authority is needed to extend the existing agreements with Legends and Levy. Ray Bobbitt answered we need to work together with a specific transaction plan that has timelines of execution and commitment and address the contractual agreements. County Counsel Andrea Weddle stated that conversations have been made with several different parties dealing with the operations and Food and Beverage contracts. Hopefully in the future the JPA will be able to come to the Board with more direct information to give to you. Commissioner Haubert restated the importance of the sellers, buyers and JPA all meet. It is recommended that the Ad Hoc event committee, Chair Miley, Commissioner Houston and Thompson, be involved with the transition of the sale and report to the Board. Commissioner Jenkins asked to explore all options including no operations if the sale does not close on December 31, 2026,. This is not a good recommendation for various reasons including lawsuits.

Oen Forum

Zennie Abraham spoke clarifying that the board improperly handled the sale and that he never stated the board was negligent. Mr. Abraham stated that some issues that ED Gardner addressed such as the extension of the management, food and beverage agreements seemed simple to negotiate and extend. ED Gardner commented to state there is nothing simple about these discussions and agreements. Levy and AEG have no interest in extending their contracts for a short period of time.

Damien Rainey spoke informing the board that all eyes from around the world are watching how the sale and transition of the complex will be completed. Hopefully for the reputation of the City of Oakland and the County of Alameda it is smooth transaction.
