1.Third Quarter Budget Report

The third quarter is all positive, showing we are headed for a very successful budget year. We are projecting a surplus of revenues over expenditures by a few million dollars. We will not have final numbers until after the close of the fiscal year but barring any hiccups, we are in positive territory. The surplus is a combination of revenues exceeding budget and expenditures trending below budget.

Revenues and Expenditures

The largest revenue source is the contribution from the City and County in the amount of \$9,805,000 and the second largest category is the Warriors debt service payment. The revenues from all sources are projected to exceed the budget by \$1,600,000.

Administration, Legal and Audit expenses are all projected to come in under budget by year end. Coliseum Operations, the largest expenditure category, is projected to be \$4,236,000 below budget. Capital Outlay is projected to be about \$4,000,00 under budget due to delays in purchasing equipment or contract negotiations. There will be some carryover into next fiscal year.

2. Proposed Budget FY 2025-26

Submitted for your approval is the proposed budget for FY 2025-26 in the amount of \$32,909,000.

Revenues, Fund Balance and City and County contributions total \$32, 909,000, and expenditures for all categories total \$32,909,000.

Revenues, Fund Balance and City-County Contributions

Revenues are estimated at \$11,369,000, City and County contributions are \$19,000,000, and Fund Balance \$2,540,000.

The largest source of revenues is the Warriors debt service payment of \$5,231,000. This is the final payment by the Warriors and is used to offset the same amount under expenditures. We

have budgeted \$1,600,000 for interest income, and \$1,000,000 for advertising income, and \$3,323,000 in facility fees, and \$215,000 in cell tower leases.

Expenditures

There is little change in Administration, Audit Fees, and Management Fees. Capital Outlay is substantially reduced from last year by \$4,000,000. There is an increase in legal expenses in anticipation of increased litigation costs. The largest increase is approximately \$3,395,000 over last year for Coliseum operations, due in part by having to absorb certain operations cost previously covered by the A's.

Even with the debt service for both the Arena and the Stadium being retired as of February 1, 2026, a City and County subsidy will continue to be required as long as they continue to own and operate the Stadium. Given past performance, the Stadium requires a very deep subsidy of \$12,000,000 to \$14,000,000 a year if it continues to be used.

We recommend approval of the proposed budget for FY 2025-26.

3. Levy Premium Foodservice

Levy Premium Foodservice is the current concessionaire for the Arena. The contract expires on August 31, 2025. The contract was entered into on September 21, 2021 and we have negotiated an amendment to the existing contract to extend the term for ten (10) months to June 30, 2026. We are proposing to extend the term to align with the AEG contract which terminates on June 30, 2026. As long as the JPA continues operations at the Arena, we will need a concessionaire.

For the ten month period we are proposing the following rate structure:

Concession Rates

All Receipts	34.5%
Premium/Catering	20.0%
Subcontracting Income	50.0%

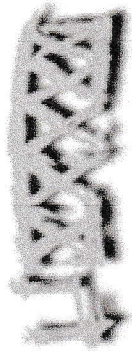

Current Rate Structure

Concessions	\$0 - \$3,000,000 @ 35.0%
	\$3,000,000 - \$5,500,000 @ 42.5 %
	\$5,500,000 + @ 45.0%
Premium/ Catering	\$0-650,000 @ 20%
	\$650,000 + @25%

After careful analysis and based on the short duration of the extension and prospect of the number and type of events scheduled for the Arena, we conclude that the modified rate structure is fair and reasonable. Accordingly, we recommend approval of the resolution extending the existing contract for additional ten months.

Respectfully submitted,

Henry L. Gardner
